

FAVORS OHIO PROGRESSIVES

Roosevelt Platform With Views of That Wing

BUT WILL NOT NAME MAN

Editorial Opinion of the Colonel Are Said to Be Interrupted by Visitors, Who Falsely Through the Sanctum.

New York, July 20.—Theodore Roosevelt hopes the Republicans in Ohio will adopt a progressive platform, but he declines to exert his influence for any candidate in the ante-convention situation. He made this plain in New York yesterday, after a conference with Judge Reynolds Kinkadee of Toledo, who is regarded as the second choice of these Ohio Republicans, who are supporting James H. Garfield for the gubernatorial nomination. It is understood that Mr. Garfield had a hand in Judge Kinkadee's visit yesterday and that Garfield's supporters have agreed to throw their strength to the judge if Mr. Garfield is not nominated.

Neither Mr. Roosevelt nor Judge Kinkadee would discuss their conference yesterday, nor would either of them reveal the contents of the letter which Judge Kinkadee bore from President Taft, with whom he talked on Sunday. Mr. Roosevelt virtually admitted, however, that his candidacy of Judge Kinkadee for the Republican nomination for governor of Ohio had been sought, when he said: "I cannot support any candidate for a nomination. I can only say that I hope a progressive platform will be adopted in Ohio."

ONE DEAD, ANOTHER DYING.

Unknown Artist Caused Accident to Employee of Lonsdale Mills.

Pawtucket, R. I., July 20.—James Brown is dead and James Larkin is dying in the Rhode Island hospital as the result of being dragged by the chain of an automobile driven by an unknown party yesterday on the Saylesville road. They were employees of the Lonsdale mill and were returning to their boardinghouse. The "joy riders" left their victims by the roadside and disappeared, but the police are scouring the country to apprehend them.

JACK JOHNSON ARRESTED.

Black Champion Charged with Driving His Racing Auto Recklessly.

New York, July 20.—Jack Johnson, the heavyweight champion, was arrested yesterday afternoon, charged with driving his big racing automobile recklessly. Johnson characterized his arrest as an outrage and said that he had been informed on good authority that the bicycle police all over the city had made a declaration that they were out to "get" him.

CENSOR FOR T. R.

Kansas Town Bars His Comment on the Reno Prize Fight.

Kansas City, Mo., July 20.—Because of an article by Theodore Roosevelt, the last issue of The Outlook has been barred from sale in Hutchinson, Kans.

An ordinance recently was passed, barring prize fight pictures, newspapers containing stories of prize fights and magazines, books or pamphlets containing such matter. Because of the comment by Mr. Roosevelt on the Reno prize fight, The Outlook was barred from sale.

ZEPPELIN'S GAS PLANT WRECKED.

Explosion Destroys It and Injures Six Workmen.

Berlin, July 20.—An explosion at noon yesterday practically destroyed the gas works which supply the Zeppelin Airship company at Friedrichshafen. Six workmen were injured.

The gas works were part of an elaborate plant erected by Count Zeppelin from the national fund which was raised by popular subscription after the destruction of the Zeppelin IV at Behringers.

THEY'RE UNAUTHORIZED.

Mr. Madison Thus Characterizes "All Reports and Rumors."

Kansas City, Mo., July 19.—Representative Madison denies that the Baldwin-Pugh committee has commended Mr. DeLange.

The committee meets at Minneapolis September 3 to make its findings and conclusions, he says in a message. "No conclusion can be reached or announced until after that meeting. All reports or rumors as to the findings of the members of the committee are unauthorized."

6 PERISH IN FOREST FIRE.

Young School Teacher and Her Niece Among Victims.

Spokane, Wash., July 20.—Trapped in their little homestead cabin on Mill Creek in the Dryden forest and surrounded by flames from the forest fire, six have perished there since Friday. A teacher, and her young niece, perished Monday.

Near Kato, B. C., four men fled from the flames to the mouth of a river, where they were suffocated, the wind driving the smoke from the fire into the mine.

DAV ATHLETICS' STANDBY.

Mack's First Sacker One of Best Players and Field Generals.

There is just one individual of Mack persuasion, not even excepting the incomparable Eddie Collins, whom the Philadelphia American league team cannot spare without irreparable loss.

That man is Harry Davis, Mack's captain, who today is one of the best all around first basemen in the fast Hal Chase of New York is sprier and younger in years than Davis, but for actual good to a team Davis is the king of all fast basemen in the big show.

The oldest man on the team, Davis is today one of its leading pacemakers in batting and run getting, while, in addition, he is the whip of the club.

Davis' worth to the Athletics cannot be found in the batting and fielding statistics issued each year by President Johnson. His value does not end in driving a brother Mackman home with a base hit, although he performs this office as much as anybody else on the team.

It was Davis who aided Mack in tutoring the young players into stars and

who is keeping them on their toes all through the game. He is to the team on the field what Mack is to them on the bench. Mack on the bench cannot get into the play as it comes up. In Davis he has a man who carries out Mack's ideas on the field. Mack on the bench and Davis on the field form the combination that has put the Athletics where they are today.

There is only one first baseman who excels him in fielding. Hal Chase is the greatest fielding first baseman of the age. Davis is the equal of Chase and the superior of all others. When his batting ability and generalship are added to his mechanical ability it is easy to see why he is often called the king of them all.

For nine consecutive years Davis has batted hard and conscientiously for the cause of Mack. Not one season in the nine has he failed to show uncommon ability. If the Athletics win the championship this season it will be mainly due to this reason—Mack on the bench and Davis on the field.

ASKS JEFF TO FIGHT AGAIN.

Joe Choyzinski Advises Him to Bet \$50,000 of His Own Money.

Chicago, July 20.—Plans for another battle between James J. Jeffries and Jack Johnson were outlined in a letter received yesterday by Joe Choyzinski, who for close to three months aided Jeffries in his preparation for the battle at Reno.

"I'm so firmly convinced that Jeffries can whip Johnson the best day he ever lived that I'm advising him to bet \$50,000 of his own money and then challenge Johnson, the winner to get the entire gate receipts and the side bet," declared Choyzinski Monday night.

"Jeffries' defeat is told in two words—'mental collapse.' He was in excellent condition physically, but his mind and his heart were affected and when he entered the ring his brain refused to act."

SOME FRIENDS STAND BY WHITE.

Determined Effort to Free Him from House of Correction.

Lawrence, Mass., July 20.—A determined effort is being made by the friends of Mayor William F. White to secure his release from the house of correction, where he is serving a sentence of three years for conspiracy to bribe.

Ex-Attorney General Herbert Parker has taken charge of the mayor's case with Attorney Michael Sullivan of Salem, it is said. The only visitor allowed to talk with Mayor White yesterday, was City Solicitor Daniel J. Murphy, who was with him about an hour.

J. Frank James was seen entering the institution, carrying a weighty satchel. Keeper Brown reiterated his statement that no city business would be transacted at the jail. He said that his orders from the high sheriff would allow no such privileges to prisoners as Mayor White desired to enable him to be an active mayor.

The other three municipal prisoners have been allowed extra privileges to enable them to settle up their business affairs, but they will come to an end this week and the prison routine will be enforced in their cases.

SOLDIER SHOTS DOWN NEGRO.

Fort Meyer Authorities Aiding Washington Police to Capture Assassin.

Washington, July 20.—The authorities at Fort Meyer, near this city, are aiding the Washington police in an effort to apprehend a soldier, presumably of the post, who last night shot a negro on the bridge leading from Georgetown to the fort. The negro, William D. Smith, is in a hospital in a dying condition. Apparently the attack upon the negro was unprovoked. The soldier, who was unknown to the negro's two companions, first struck him with his fist and then fired upon him as he lay prostrate. The soldier then fled. The shooting is ascribed to strong racial feeling that has developed among some of the soldiers at the fort.

NEW FOOTBALL CAPTAIN.

Dartmouth Athletic Council Orders an Election.

Hanover, July 20.—The fact is now definitely established that Captain-elect John Marks of the Dartmouth football eleven will not return to college this fall. What his plans are no one here knows. To fill his place as captain the Dartmouth athletic council has ordered an election by ballot and the members are last year's eleven qualified to vote as sending in their preferences. Either Ingersoll, the wonderful back, or Sherwin, the sturdy lineman, probably will be the choice.

WOMAN EATS CHILDREN.

Haytian Confesses She Has Slain and Devoured Four.

Puerto Plata, San Domingo, July 20.—The disappearance of Dominican children near the Haytian frontier has been explained by the confession of a Haytian woman that she had murdered them, eating four.

This African cult is prevalent in Hayti. Christianity appears there to be a failure. The Dominican press demands severe measures to prevent Haytian immigration and thus protect the higher civilization of this republic.

IN BOSTON MARKETS.

Butter and Cheese Quiet, with Eggs Firm.

Boston, July 20.—Business continues very quiet in butter in the local market and a slightly easier feeling is apparent, though no changes have been made in quotations. But, while 32c is asked for fancy northern creamery in tubs, no sales of any account are being made at that price, the range of actual sales being 30 1/2@31 1/2c. The cheese market also is quiet, and as country markets are easier, dealers find some difficulty in holding up their prices. Fine eggs are short and firm.

ORANGE COUNTY COURT.

Work of the Last Week of the Session. Divorces Granted.

Chelsea, Vt., July 20.—The June term of Orange county court closed Thursday, July 14, after a sitting of nearly six weeks, it being one of the longest terms held in this county for several years. During the last week, which opened

Monday afternoon, the 11th inst., the work was largely in the nature of relief, pure and simple; that is to say, relieving wives of their husbands. As Judge Stanton was in Burlington hearing some chancery matters, Assistant Judges White and Morse assumed the responsibilities of the court triumvirate and heard the following cases: Bessie N. Church, after twenty-one years of married life, sought a separation from her husband, William H. Church, on the ground of intolerable severity, and a bill was granted her for that cause and she was decreed the right to resume her maiden name of Nettie and was also decreed substantial alimony. The parties live in Fairlee, where Mr. Church has for several years been proprietor of the hotel. Darling & Wilson were counsel for Mrs. Church.

Following this case, Adeline Slack on Tuesday rehearsed a tale of woe she had endured for the past thirteen years at the hands of her husband, George H. Slack, 24, which story revealed hardships, both mental and physical, sufficient to satisfy any court that she was entitled to a bill on general principles, if that were a statutory ground for divorce; but, in that the statute requires the ground to be more exact and explicit, the bill was granted for intolerable severity and she was decreed also the right to resume her maiden name of Barney, and for alimony everything in the shape of property which she and George had accumulated and now had an equity in, since they were married. The parties belong in Randolph Center and N. L. Boyden was attorney for Mrs. Slack.

On Wednesday, Judge Stanton joined his associates on the bench, when Mrs. Minnie Stanley of Williamstown came up for judicial consideration, and showing to the satisfaction of the court that her husband, Charles C. Stanley, was a hard master, without sympathy or mercy, she was granted a bill for intolerable severity and was also decreed the care and custody of her two minor daughters. Earl R. Davis of Barre City appeared as her counsel.

This, making eleven bills granted, completed the work of the divorce docket of twenty-two cases, seven of which were discontinued and the remaining four continued. Of the eleven bills granted, one was for adultery, two for willful desertion, four for intolerable severity and four for neglect and refusal to support. Of the eleven petitioners, three were men.

The divorce cases being completed, other matters were taken up, among them being motions to set aside the verdicts rendered this term in the cases of the Woodville Savings bank vs. A. E. Rogers et al. and Wm. C. Sanborn, admr. of the estate of Eunice Y. Constock, v. Abbe Jacobs, both of which motions were overruled and judgment was rendered upon each verdict, and both cases will undoubtedly go to supreme court.

The civil law docket contained 50 cases, which were disposed of as follows: Five were tried by jury, nineteen were settled and discontinued, and thirty-two were continued. There were no chancery hearings and a fact which is worthy of note as tending to show a wave of prosperity, temporary or otherwise, is that there were no decrees of foreclosure entered during this term of court.

On Tuesday, July 12, Sheriff H. T. Baldwin went to Vergennes with the following respondents: Nell Lemere of Woodville, N. H.; Robert Downs of West Fairlee and George Devaney of Randolph and committed them to the state industrial school for the remainder of their minority. He made the trip by automobile and was accompanied by Deputy Sheriff B. H. Adams.

PROFITS IN LIVE STOCK

Large Gains in Amounts Paid Farmers

SIX MONTHS' INCREASE

\$5,000,000 at Packington—Record Price for Hogs Partly Responsible—Sheep and Lambs Also Sold at High Figures.

St. Paul, Minn., July 20.—A gain of \$5,000,000 in the amount paid to the farmers of the Northwest by meat packers and other buyers of live stock at South St. Paul is indicated by the figures of the Packington last clearings for the first six months of the present year. From January to July, the total was \$24,340,980.25, while \$18,342,401.73 was the total for the same period in the past year.

While part of the gain in banking operations is to be attributed to the growth of South St. Paul, President J. J. Flanagan of the Stock Yards National bank ascribes by far the greater portion of the increase to the enlarged operations of the market and the higher prices that packers have paid for stock purchased from the farmers. The average gain of \$1,000,000 a month at the South St. Paul yards reflects the growing magnitude of the live stock industry in the Northwest and also that of the local market.

It further indicates that farmers in general are engaging more extensively in live stock raising, because of the increased profits, and that confidence in the business has been restored since the 1907 season and is now more firmly fixed among northwestern farmers. President Flanagan says that he places no confidence in the reports that have come from some sources that the fall business at the stock yards will be materially affected by the heavy marketing of stock during June, caused by the drying up of pastures. He cited similar forecasts made about this time last year with regard to the 1909 run, and points out that the predicted falling off in business failed to materialize, but that, on the other hand, all previous records for expenditures for live stock at South St. Paul for corresponding periods were shattered.

Prices received by farmers for hogs during the six months' period just closed were by far the highest ever paid during so extended a period of time and amount, in large measure, for the \$5,000,000 gain. In spite of the fact that receipts of hogs during the first six months of the year were only 373,468, compared with 498,876 last year, a loss of nearly 15 per cent., packers have paid more money for hogs than during the same time in 1909.

Cattle prices have not undergone the sharp changes which have been apparent in the swine trade, and at present are on a very satisfactory summer level from the standpoint of the stockman. Values of sheep and lambs, which have but recently worked to a low level because of heavy runs at all markets of the country, have been high during the greater part of the first half of this

year, and packers have paid record-breaking prices for this stock also. Receipts increased about 8 per cent. over last year.

HELD IN WOODS FOR 3 DAYS; DIES

Thomas Cooper, Caught by His Foot in Rock Crevice, Expired From Exposure.

Matteawan, N. Y., July 20.—Thomas Cooper, sixty-two years of age, had his foot caught in a crevice of rock on the estate of John B. Maddock shortly before noon Saturday, while carrying a heavy bundle of wood. He was held a prisoner from Saturday noon until 5 o'clock Monday afternoon, when Mr. Maddock, going to inspect a well he was having built, heard the man's moans and released him. Cooper was so exhausted that he died within a few hours from shock and exposure.

Cooper was well known about Matteawan. He had a fancy for hunting berries, and often went into the surrounding country to find new nooks where wild berries might be picked. Saturday morning he started to look for huckleberries. While out he had evidently gathered a large quantity of wood. A part of his fuel had been tied into a bundle, and he was staggering along with this burden when his foot slipped into the crevice.

No one heard his cries for aid, and he lay on the ground more than two days before Mr. Maddock happened along. Mr. Maddock is president of the Maddock Lumber company of New York. He has an extensive estate here and has been making many improvements upon it. Among them was a well, and he had gone to look at the well when he passed the remote retreat in which the victim of the berry hunt was found.

CANADIAN ROCKIES AFIRE.

Five Deaths and Tremendous Property Damage in Kootenay District.

Winnipeg, Man., July 20.—Bush fires are again blazing fiercely in the Kootenay district of the Rockies and have caused five deaths and enormous damage to property. The most serious loss is in the Kaslo district. The town of Whitewater has been burned and the home of Mr. Rumbler and other mines with their families lost all their possessions. The Powers lumber camp is completely destroyed with its timber and cord wood. Teams were roasted alive.

The Great Northern railway has suffered, bridges and freight cars being burned and \$100,000 worth of timber belonging to the company consumed. The Washington, Utica and Rico mines are safe. Rescue trains despatched from Kaslo were unable to pass Bear Lake and returned crowded with panic-stricken men, women and children, who are being cared for by citizens of Kaslo. Bush fires near Kaslo are still blazing fiercely and other fires are burning at Merrier Lake and in the vicinity of Nelson.

TREASURY RECEIPTS GAIN.

Excess Over Disbursements Is \$1,043,329.

Washington, July 20.—The government's working balance in the treasury has jumped to \$38,181,631, increasing the total balance in the general fund to \$100,404,424. There was an excess of \$1,342,734 in the ordinary receipts Sunday, but Monday the receipts, \$3,755,331, overcame the disbursements by \$1,186,429.

The working balance Sunday was \$37,373,240 and the total balance in general fund \$100,202,094, while the excess of all disbursements (including ordinary, Panama canal, and public debts) over all receipts was \$1,230,375, while Monday's excess of all receipts including ordinary, canal and public debts, was \$1,043,329.
